

# How you'll benefit from a career with Future...

## Central perks.

Your workplace will be either slap bang in the centre of beautiful Bath or London's buzzing Paddington district.

## There is such a thing as a free lunch.

Look out for Monthly Munchies - and don't be surprised if food spontaneously appears when something good happens.

## Birthdays are back.

No-one should have to work their birthday - we don't believe they should. It's your free day (you also have 3 days off at Christmas in addition to 20 days' annual leave).

## Making commuting a joy.

Well, almost. Our workplaces are easy to get to, within a whisker of major transport hubs. You might like to take advantage of an interest-free travel season ticket loan when you successfully complete your probation period.

## On your bike!

Better still, a brand new one purchased through the Cycle to Work scheme when you've successfully completed your probation period.

## Like gadgets?

You're in good company. We love our tech so can make iPads and other tablets more affordable if you're after one.

## Love our stuff for less.

If you like what we do (and we're assuming you do) you can pick up free digital subscriptions, or a discounted subscription for any one of our magazine titles.

## Good Health.

Future people have access to an optional competitively-priced Healthcare scheme. With 24/7 access to a free and confidential wellbeing programme you'll also never be on your own.

## Social workers.

Future people work hard but play hard too, so you could easily find yourself enjoying a drink with the team after work or letting your hair down at our social events.

## Share and share alike.

We want our people to also be our shareholders, so operate a Share Incentive Plan.

## Sounds grand.

We'll give you up to £1000 if you know someone who, like yourself, would be a great addition to Future (it's okay, you don't have to split it 50/50 with them if you don't want to).

## New additions.

Once little ones appear on the scene you may be interested in Childcare Vouchers.

## Oh, and we also give you all this as well;

- Pension Scheme
- Life Assurance cover
- Enhanced Maternity/Paternity/Adoption Benefits
- Sabbatical options on completion of 5 years continuous service
